

Lyme Local Service and Contractor List

As of 5/19/17

This list of contractors was taken from years of data compiled by Jess Lahey. Thank you, Jess, for all your hard work on this resource! The contractors have been recommended by local residents or they have referred themselves. CommunityCare of Lyme updates the list frequently as a community service, but does not endorse any particular contractors. Soon, we will share this list as a searchable online resource.
